MRS. J. S. HENRY FALLS DEAD.

While Sitting 'n Her Chair P. ting On Her Shoe She Falls to The Floor Dead.

At a little past six o'clock Monday morning, the news spread rapidly over town that Mrs. J. S. Henry had dropped from her chair dead while putting on her shoes.

As she was to all appearances enjoying the best of health, the shock to her family and friends was a terrible blow. Sunday she had attended Sunday school and both church services and visited her sons family just across the street up to ten o'clock, and even Monday morning she seemed in her accustomed good health.

The funeral services were held at the Baptist church Tuesday morning at 10 o'clock conducted by Rev. M. E. Miller, assisted by Dr. Ira Bennett with nine ministers of the various churches lending their presence.

The high tribute paid her memory by Bro. Miller and Dr. Bennett was beautiful and with the vast number of beautiful and costly floral offerings from the many who had known and loved her, it was plain to be seen that the memory of her sweet christian life would be green for many years.

Mrs. Henry was Miss Betty Searey, born in 1847. She was the mother of ten children, seven of which are living: Mrs. Grant Bugby and Mrs. Ira Bennett of Fredonia, James, Ab, Howard, Carey and Mamie of Marion, the four former being married.

The pall-bearers were: J. B. Hubbard, G. M. Crider, T. J. Yandell, W. B. Yandell, W. A. Blackburn, Frank Dodge, W. D. Cannon and H. V. Stone.

LETTER FROM HON. MARION F. POGUE.

Frances, Ky., March 3, 1910. Dear Record-Press:-

According to promise, I shall try to tell you something more about the closing of the legislature and its work.

The session came to an end with everybody in a good humor; perfect good feeling prevailing. In fact, less partisanship was shown than at any session for years. No party measure was passed, and nothing partaking of that nature was proposed except the Louisville "Ripper" Bill which sought to abolish the office of City Attorney in that city, and create the office of Corporation Consul instead. If successful in passage, a Republican would have been replaced with a Democrat. It passed both houses, but on being vetoed by the governor, it could not muster sufficient Democratic votes in the Senate to pass it over. Many Democrats thought it unwise and bad precedent.

After all the smoke had cleared from the field of action, we find that of the nine hundred bills which both houses set forth to do or die in the attempt to adorn a page of our statute books, only one hundred and fifty, or one in every six, lived to meet the governor in his private office where he keeps the same ax he used so fatally last session. When he gets done whacking away with remorseless stroke, the heads of at least thirty of these will fall. Now the number is reduced to one hundred and

twenty. He will brandish his bloody blade over twenty of them, but at last will silently lay the blade aside allowing them to become laws with his august signature. So you see of the regiment that went to battle, only one company came out unscathed; and yet they must many of them go before that great tribunal, the Court of Appeals for final judgment. So you see that law making is a slow process, it is hard on the law, but harder yet on the poor member who gets his pet measures killed or his record so crooked that he cannot explain to an irate constituency and other heads will fall later.

After all the delay over the county unit bill, more measures were possessed than usual. More bad bills were presented; but fewer bad laws were passed than in any other session for many years. The farmers and working classes got most all they asked for except school legislation. The druggists, doctors and insurance people are happy. The bankers, lawyers and dentists got it "in the neck." The jailers are "dee-lighted" and Dr. Watkins, alias Dr. Nimmo will still sell the same sized bottle at the same price. While Dr. Stone's optometry bill got "under-pinned" in the wreck, Drs. Frazer and LaRue will smile the smile that won't come off. Will Wallace and Fred Haase will soon be able to give you a much better meal than formerly. That is if you are so unfortunate as to have to eat at the hospital.

Governor Wilson in a talk before the House this session told us he didn't know much about Banks and Banking and finance in general, and since he vetoed the bill requiring state banks to be examined Semi-annually it is apparent that he was serious about it, and cares about as little as he knows. It is conceived to be the most gigantic mistake that any governor of this Commonwealth has made for years. Whether he did it for lack of judgment or to vent his spleen on Ben Brunner our Secretary of State it is no less a mistake.

The State Banks were asking by the hundreds for the passage of this bill. They were willing to stand all the cost of the examination, but it did not suit the big National banks whom the government stands sponsor for, and whose solvency is almost vouched for by Uncle Sam. It will be a blow to those State Institutions, it coming especially at a time when the National Government is making every post-office in the nation a competitor, by the passage of the Postal Savings Bank bill. It often happens through the veto power that a few strokes with the pen does more damage than an invading army.

This session of the legislature has the record of its smallness of its appropriations. Practically speaking, no appropriations were made, only a crumb here and there was dropped to the hungry pensioners of the state. A quarter of a million does look like a pigmy by the side of the two and a half millions of last session.

Many worthy appeals were turned down just because the old stocking is empty. The House Committee on Rules deeded "no bonds," saying to the Senate and Governor "interest bearing warrants or nothing." State warrants will bear interest at five per cent. after April 1st.

The governor will have finished by next week and I will tell you what laws got by his ax. Yours truly, MARION F. POGUE.

SANDY R. ADAMS PASSES AWAY

After Many Months of Suffering Funeral Services Were Conducted by Marion.

On Wednesday night of last week, March 23, just as we had gone to press the soul of Sandy R. Adams took its flight for eternity.

Sandy had been afflicted with consumption for some time and for several weeks his death has been looked for every day.

Sandy was the son of J. W. and Josephine (Dean) Adams. His father being one of the pioneer settlers of Marion. Sandy was born December 24th, 1869 and having acquired a taste for machinery and blacksmithing took it up as a profession, making one of the best in the town or county. About fifteen years ago he married Miss Edna Crow, who with his son Dean survive him.

Years ago he joined the Modern Woodmen of America and the A.O.U.W. in which organizations he carried two thousand each.

He made a splendid citizen and his death is lamented by all who knew him.

The funeral services were held the following day at the home on Main Street immediately after which the last sad rites were said at the New Cemetery. Rev. Mason of the Southern Presbyterian Church officiating. Peace to his ashes.

Committee T. C. STONE, W. H. WALLACE, J. W. COCHRAN.

CIRCUIT COURT MILL STILL GRINDING.

New Petit Jury Selected Last Saturday and Monday the Day Was Principally Spent Getting a Jury for Night Rider Cases.

After Judge Gordon dehorned the jury selected by commissioners appointed by Judge Little, one of Gov. Will-

sons appointees, the wheel was ordered refilled and ground out the names of E. J. Hayward, A. F. Wolf and Dan Riley, all Democrats, for the new commission, who as soon as vested with power selected the following twenty-four men: all Democrats but three:

A. L. Lucas, R. E. Dollins, M. V. Sutton, J. R. Lucas, G. C. Wathen, G. W. Parish, S. H. Mathews, John L. Franklin, C. T. Hodge, Joe Ralston, Elbert Masly, Ben Duvall, W. G. Condit, J. F. Adams, Charlie Walker, E. M. Duvall, John F. Casner, J. M. Rodgers, D. W. Carter, Henry Holmes, R. E. Pickens, Owen Boaz, Thos. J. Hoover and J. F. Moore.

It will be remembered that the dehorned jury were all Republicans but four.

As soon as the new petit jury had been empaneled, the case of the Commonwealth against Tom Jones as one of the band who so unmercifully whipped H. B. Bennett at Dycusburg on the night of February 3, 1908, shooting up his home and burning his factory. Both sides announcing ready the jury was selected as follows:-

R. E. Dollins, M. V. Sutton, G. C. Wathen, G. W. Parish, S. H. Mathews, C. T. Hodge, Joe Ralston, Charlie Walker, J. M. Rodgers, A. Hardin, Kerg Clayton and Cye Franklin.

Only a short time was taken to select a jury of representative men of Crittenden county to try Jones. Bennett and graves were the first witnesses and their testimony was extremely sensational. Bennett alleged that the night riders took him from his home when he was nursing his child, who he thought was dying. He declared that they stripped him of all his clothing but his trousers and undershirt, and while they were doing so, he begged them to allow him to put on his socks, that he might walk over the frozen ground. He alleged they said: "D---your socks."

THORNS LEFT IN FLESH.

Bennett also alleged that more than seventy thorns were taken from his body after the whipping, some of them even a month afterward. He also declared that his face was beaten into a jelly and great lumps raised on his head and neck.

DRAMATIC SCENE OCCURS.

A dramatic scene occurred in the courtroom when Bennett was reciting the part of his story about being dragged from the side of his dying child.

He broke down and wept for several minutes before he could resume his testimony.

When asked by Prosecuting Attorney John L. Grayot if he was sure that Tom Jones, the man on trial, was the person who dragged him from his home, Bennett replied.

"Yes, I am sure he is the man, but he treated me better than any other man in the crowd, for he said to the others, 'Men, for God's sake do not beat the man so unmercifully'."

NO EXCITEMENT PREVAILS.

There are no extra guards, no soldiers, no excitement and nothing calculated to in any way intimidate either the witnesses or the jury.

After being out but a very short time the jury returned a verdict of not guilty and Tom Jones is today a free man. While the people here looked for a hung jury they little expected an absolute acquittal.

Upon the completion of the trial of Tom Jones in the Circuit court today, for night riding, and no sooner than the case had been submitted to the jury for their consideration, Judge Gordon called the case of the Commonwealth against Boone Bush for trial. The Commonwealth announced ready, and after a few minutes consultation, the attorneys for defendant also announced that they were ready for trial. Whereupon the defendant by his attorneys entered a motion for the court to select the panel from the drum or jury wheel. And filed the affidavit of Boone Bush in support of their motion. He objected to the sheriff and his deputies selecting the jury for reasons stated in the affidavit. The court overruled the motion and ordered the deputy Sheriff, Gilliland to summons a special venire of 60 men who were qualified under the law to serve as jurors to report on to-day at 1 p. m.

That Urgent Dead.

On Sunday evening a telegram was received from Lafayette, La., by Mr. and Mrs. Chas. Burgett that their son, Chas. Burgett Jr. had been killed by having been thrown from a buggy, while on his way from the plantation to town. The remains arrived here this a. m. the funeral taking place at the home at 10 o'clock conducted by Rev. J. B. Adams.

FLUOR SPAR BRINGS BOOM IN CRITTENDEN

Recent Discoveries Causes Old Mines To be Opened--Large Shipments From Marion.

Marion, Ky., March 27.--(Special)---J. M. Person went Princeton to-day to meet a party of Southern capitalists who, having heard of the richness of Crittenden lands in fluor spar, are coming here to investigate.

The recent developments, aided by the increase of from \$4 to \$8, and, in some instances, \$15 a ton, for fluor spar, has created an interest in mining circles unprecedented. The shipment from Marion alone since January, has reached 16,000,000 of pounds, or 8,000 tons which has increased the deposits in the two banks in Marion a little less than \$100,000,000.

Some surprisingly rich discoveries have been made in old mines abandoned fifty years ago for the reason that the richness of both lead and zinc was not known. Every mine is now working full force and many of them putting in new machinery and increasing their capacity.

TERRIBLE CROUP.

My little boy, who is four years old, has suffered a lot with croup. On several occasions we thought he was gone.

After trying all the old time remedies and most of the new, I came home one night at midnight, and my wife said "The boy has the croup again--suppose you get a bottle of Hyomei." "More unk," I said, but we will circulate our money so they will get some."

I hastened to an all night drug store I bought it home. In five minutes he was breathing easier. In fifteen minutes he was sound asleep. It broke the croup so quickly it scared me.

Anyone wishing to cure the croup of a child I hope will give Hyomei a trial. Wishing you the best of success, which you surely deserve, I remain, Jos. E. Clark, 204 6th St., S. E. Washington, D. C., Oct 7th 1909

Hyomei is a remarkably effective remedy in case of croup and it should be in every home where there is a croupy child. Full instructions how to cure croup comes with each outfit.

Complete Hyomei outfit including inhaler costs \$1.00 at druggists everywhere and at Haynes & Taylor's. It is guaranteed to cure catarrh, coughs and colds. apr 16

"I suffered so severely from kidney complaint that I was unable to get out of bed and no one knows the misery I endured. I often wished that death might come and relieve my agony. The kidney secretions were filled with sediment and my limbs were badly swollen. The doctor said I had dropsy and held out little hope for my recovery. I could not rise my arms above my head, in fact, there was an almost complete paralysis of my right side. A relative at length advised me to try Doan's Kidney Pills and a box was procured for me at Haynes & Taylor's Drug Store. I improved from the time I commenced using this remedy and gradually the symptoms of my complaint disappeared. In three months I was in good health. I have been convinced Doan's Kidney Pills are the best kidney remedy on the market."

Stemming Association Sells Entire Crop.

We, your District Com-
mittee are pleased to report the
final disposal of the 1908 crop.

Manager Elliott sold dur-
ing the past few weeks 111 hogs-
heads of leaf just prior to his go-
ing abroad. He sold in Liverpool
927 hogsheads of leaf and strips
Association 1908 crop, as published
in Tidings column. Previous
sales had been made of 900 hogs-
heads. The Association's hold-
ings, after sales as above written
down, consisted of 2,405 hogs-
heads of strip tobacco, described
as follows:

Henderson Head	678 hhd.
factory	
Henderson Elliott	523 "
factory	
Crittenden Marion	833 "
factory	
Webster Clay	371 "
factory	
Total	2,405 "

On Monday night, March 28th,
we, the undersigned members of
your District Committee, met in
the city of Henderson, and were
tendered Manager Elliott's re-
port of his official acts while in
England as representative of

your Association. We deem it
sufficient to say, confirmatory of
reports hitherto given you
through our publicity bureau,
that Mr. Elliott, in the face of
serious obstacles and great diffi-
culties, effected total sales of
1,038 hogsheads of your leaf and
strips tobacco, on terms which
were and are, all the conditions
considered, unanimously ap-
proved by your Committee.

Supplementary to his report of
previous sales Manager Elliott
tendered your Committee propo-
sitions of purchase for all the
remainder of the Association's
holdings (2,405 hogsheads strips)
of the 1908 tobacco. After seri-
ously and exhaustively consider-
ing the propositions made the
Association through Mr. Elliott
for all of our strip tobacco, your
Committee unanimously agreed
to accept said proposition, and
our acceptance closes out every
hoghead of the Association
holdings of the 1908 crop. Just
here it is proper to say in addition
to the export tobacco, now all
sold, we have on hand 182 hogs-
heads of low grade tobacco suit-
able for snuff and domestic use.

for which we have good pros-
pects of an early sale. When we
shall have closed out these 182
hogheads of low grade domestic
tobacco, the Association will
have wound up finally the 1908
crop of tobacco.

Your Committee desires to be
as full and explicit as possible
under all the circumstances. All
of the tobacco sold to go to Eng-
land will be shipped immediately
and drafts will be made against
this tobacco for the utmost cent
permissible under the customary
rules of trade, and a distribution
of the proceeds of these drafts
will be made to members as soon
as practicable, but good members
should bear in mind that the first
drafts cannot be made for the
full amount of the purchase
money. Under the terms of the
sale purchasers have a right to
receive the tobacco, sample it,
and inspect it before paying the
full amount of the purchase
price. Within the next four
week your Committee can defini-
tely ascertain the exact pro rata
of payment on the twenty-five
per cent of warehouse receipts
outstanding, and so soon as the
Committee comes into the posses-
sion of this knowledge the Com-
mittee will make publication to
members of the exact pro rata of
payment, and of the exact first
day of distribution. So soon as
the tobacco is inspected and
sampled your Committee will
make other and final drafts for

WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Mo.—"Two years ago I
was unable to do any kind of work and
only weighed 115 pounds. My trouble

dates back to the time that women
may expect nature to bring on them
the Change of Life. I got a bottle of
Lydia E. Pinkham's
Vegetable Compound and it made
me feel much better, and I have contin-
ued its use. I am
very grateful to you
for the good health
I am now enjoying."—Mrs. SARAH
LORING, 414 S. Livingston Street,
Brookfield, Mo.

The Change of Life is the most criti-
cal period of a woman's existence, and
neglect of health at this time invites
disease and pain.

Women everywhere should remem-
ber that there is no other remedy
known to medicine that will so suc-
cessfully carry women through this
trying period as Lydia E. Pinkham's
Vegetable Compound, made from na-
tive roots and herbs.

For 30 years it has been curing wo-
men from the worst forms of female
ills—inflammation, ulceration, dis-
placements, fibroid tumors, irregulari-
ties, periodic pains, backache, and
nervous prostration.

If you would like special advice
about your case write a confiden-
tial letter to Mrs. Pinkham, at
Lynn, Mass. Her advice is free,
always helpful.

full and detailed report respect-
ing the 1908 crop can be spread
before the public within a few
confidently hope, the next two
months and, we hope good mem-
bers will continue to exhibit the
noble spirit of patience so con-
spicuous in the great majority of
our membership.

We sincerely assure members
that they are not on with more
anxious to know all of the details
connected with the Association
than are the officers to communi-
cate the same. Members should
reflect, however, that certain af-
fairs of the Association at certain
junctures should not be made
plain to the enemies of the Asso-
ciation. Your Committee assures
members that in the foregoing
report your Committee, with due
circumspection, has been as ex-
plicit and communicative as
prudent policy would permit.
Wherefore, we urge upon mem-
bers to give the same a careful
and studious perusal to the end
that they may have a full and
clear understanding of all matters
connected with the handling of
the 1908 crop up to the present
time. We are confident if mem-
bers will only do this, they will
enjoy the same emotions of grati-
fication at present experienced
by the Committee.

Stops Lameness

Much of the chronic lameness
in horses is due to neglect.
See that your horse is not al-
lowed to go lame. Keep Sloan's
Liniment on hand and apply at
the first sign of stiffness. It goes
right to the spot—relieves the
soreness—limbers up the joints
and makes the muscles elastic
and pliant.

Here's the Proof.

Mr. G. T. Roberts of Resaca, Ga.,
R.F.D. No. 1, Box 43, writes:—"I have
used your Liniment on a horse for some
time and effected a thorough cure. I al-
so removed a spavin on a mule. This
spavin was as large as a goose egg. In
my estimation the best remedy for lame-
ness and soreness is

Sloan's Liniment

Mr. H. M. Gibbs of Lawrence, Kans.,
R.F.D. No. 1, writes:—"Your Linim-
ent is the best that I have ever used.
I had a mare with an abscess on her neck
and one toe, bottle of Sloan's Liniment
entirely cured her. I kept it around all
the time for galls and small swellings
and for everything about the stock."

Sloan's Liniment
will kill a spavin,
cure a splint, re-
duce wind puffs and
swollen joints, and
is a sure and speedy
remedy for fistula,
sweaty, founder
and thrush.

Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but of vastly more importance in the long run is the internal cleanliness.

This is one point that all should watch about their body—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you (or a day, but blind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsin.

For the skeptical the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently—that it will train the stomach and bowel muscles to again work naturally at certain hours—then buy it of your druggist at fifty cents and one dollar a bottle, just as so many others are doing. They began with a sample bottle, then bought a fifty cent bottle, and now fully convinced of its merits, they buy the one dollar family size. All the members of the family can use it down to the very youngest.

A brief use of this great laxative tonic will cure constipation in its worst form, indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small cost. Such is the experience of many families like that of Mrs. Oscar Emerson, Unionville, Ind. J. P. Daniel, Saron, Tex., and hundreds of others that could be named.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family. Write him at the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. Please do not request the doctor's address is Dr. W. H. Caldwell, R. 350 Caldwell building, Monticello, Ill.

"Sure Cure"

"I would like to guide suffering women to a sure cure for female troubles," writes Mrs. R. E. Mercer, of Frozen Camp, W. Va. "I have found no medicine equal to Cardui. I had suffered for about four years. Would have headache for a week at a time, until I would be nearly crazy. I took Cardui and now I never have the headache any more."

Take CARDUI

The Woman's Tonic

The pains from which many women suffer every month are unnecessary. It's not safe to trust to strong drugs, right at the time of the pains.

Better to take Cardui for a while, before and after, to strengthen the system and cure the cause. This is the sensible, the scientific, the right way. Try it.

16,000,000 POUNDS OF LUMP SPAR

Gravel and Ground Fluor Spar Shipped in the Last Two Months-- Brought \$65,000.00.

CRITTENDEN COUNTY IS THE GREATEST FLUOR SPAR CENTER IN THE WORLD.

16,000,000 pounds of lump gravel and ground fluor spar has been shipped from Marion and Mexico, Ky., since the middle of January which has brought into this town over \$67,000.00, in the space of two months. The demand for fluor spar has greatly exceeded the supply and there is a splendid chance for investment with large returns for a good company to take hold of some of the properties and develop them. Most of the mining has been done by local capital and as the "Courier Journal" stated in an editorial not long ago, "Crittenden and Livingston counties have large bodies of fluor spar, lead and zinc ores but are handicapped by lack of capital. A number of capitalists have been in our midst lately and examined our properties and have been surprised at the extent of the deposits. The zinc at Joplin, Mo., will run from 3 to 5 per cent and the latter is a rarity while from the run of the mine at the "Old Rue Mine" taking a carload as an average with no sorting of the ore it run 21 1-2 per cent to the ton and over four feet of the vein averaged over 41 per cent to the ton. This property is to be thoroughly equipped with a mill and machinery at once. Mr. George Gramer representing some Vincennes, Ind., capitalists has secured control of the "Tabb Mine" and will put a large force of men to work at once. This is a fine property and we expect will be on the list of shippers before long. On the same vein is the "Wheatcroft Mine" and is located adjoining the Blue Grass Fluor Spar Co. Mr. James Persons is cleaning out both shafts preparatory to working same. The east shaft has four feet of lump fluor spar heavily impregnated with lead and the lead pile will easily run 10 per cent. The west shaft next to the road, the vein here is nine feet wide of high grade white fluor spar. Mr. H. O. Ratcliffe has installed machinery on the land adjoining the Great Northern Mining Co., and after sinking his shaft fifty feet crosscut the vein which was eight feet wide. They have started sinking for another level. A new shaft has been sunk on the Miller Carbonate Mine and the bottom of the shaft is now all in carbonate. They have already got out several carloads and have commenced to haul here for shipment. The Blue Grass Fluor Spar Co., is getting out 25 to 30 tons a day and the manager Capt. T. H. B. Haase has put enough teams on so that he is loading a car a day. The Kentucky Fluor Spar Company at Mexico are loading five cars a day of lump and have been for the past month except when there was a scarcity of cars.

MARION IS A GREAT CHURCH TOWN.

Notwithstanding the fact that the mill of justice has been grinding since Monday, with Judge Jno F. Gordon in charge, there have been two great revival meetings in progress, one at the Christian church conducted by Rev. Hudspeth and one at the Methodist church conducted by our own pastor, Rev. J. B. Adams, with Bro. Bill Yates to lead the singing, both of which have been well attended and the good effects felt all over the town and community.

The fact that Marion has been so highly recognized as a Christian town, standing as a light on a hill, the capitol of a county, full of great, big hearted loving christian people, who have voted whiskey from her borders and who will never permit it to come back, is in a greater measure responsible for this extra edition. We are proud to honor such a people and as we were so crowded with work and for space in Thursdays paper, feel to want to give this four page extra today in recognition of the goodness of God in his high recognition of the people of Marion and Crittenden county.

All of the various congregations in Marion vie with each other in doing homage to the Master. When the Baptist held their great revival all the preaches in the town, with their congregation stood by Rev. M. E. Miller their much loved pastor and just so they are now standing by the others. When Rev. Hudspeth was here and knowing that on a special occasion their small church would not accommodate the people, good Bro. Miller threw the doors of their beautiful church open to him, and the King of Glory smiled his recognition. Why should we not as soon or rather, give to our readers and the world what our christian people are doing for the Master than many things that we do give.

Many people attending circuit court also attend the 2:30 service at the Methodist church, always leaving, better prepared for Eternity. Brother Bill Yates in charge of the singing aided by the orchestra and the forty to sixty splendid voices makes Marion a wonder for soul inspiring music. Bro. Yates is one of the most wonder-

ful singers today in the world. When he sings his face lights up with the love of God and his clear rich voice simply holds his hearers spell bound. We have heard many noted men sing and many noted singers but he is the best of all of them. May God bless him and hold him the power for good he now is to the world.

Bombsh Explodes in Hopkinsville Causes Circles.

Hopkinsville, Ky., March 24-- One of the greatest sensations in the history of Christian county was exploded Thursday morning when indictments were returned against officials of mills and elevators of Hopkinsville.

The indictments are returned against J. B. Galbreath, secretary-treasurer and formerly president and general manager of the Acme Mills and Elevator company.

The charges against the gentlemen and the revelations have come like a thunderbolt out of a clear sky.

The Mill and the elevator were thought to be in a fine financial condition; in fact, they were supposed to be making money hand over fist, and the integrity of the management was considered beyond question. But complaint was made to the grand jury and an investigation revealed conditions that seemed to warrant indictments for obtaining money under false pretenses and for embezzlement.

A DEAD STOMACH, OF WHAT USE IS IT?

Thousands? Yes, hundreds of thousands of people throughout America are taking the slow death treatment daily. They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature. This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny. These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach. Mi-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regular for a few weeks they build up the run down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache will go. Mi-na stomach tablets are sold by druggists everywhere and by Haynes & Taylor who guarantees them. 50 cents a box. Booth's Pills cure constipation, 25 cents.

Big Fire At Morganfield.

Our neighboring city, Morganfield suffered a fearful loss by fire Thursday night that was by far the most disastrous in the history of the great old town, the loss as yet has not been estimated. Every building burned was costly and beautiful. They are: New Baptist church and parsonage, Masonic Temple, Opera House, the pride of Western Kentucky, Young, Waller & Company Grocery, Mason Dyer & Co., one of the largest dry goods houses out side of a larger city, and the Green River Department Store, where the fire originated, the fine Old Bank of Union county, Morganfield Steam Laundry and five residences. The loss will probably reach a half million dollars with light insurance. The Masonic Temple was carrying but \$12,000 when they were entitle to several times that amount.

Night Rider Cases Now Being Tried.

The night rider cases were called Friday afternoon, both side announcing ready they went into trial with the commonwealth against Tom Jones. There are over eighty cases.

Messrs. L. H. James, A. C. Moore of Marion, Senator Utley of Eddyville and N. B. Gordon of Madisonville for the defense raised the question as to the eligibility of J. W. Lamb on account of not being a housekeeper who was one of the jury commissioners which question was sustained, whereupon the Judge disqualified both the grand and petit juries, appointing a new set of commissioners and by prompt action thought the new juries could be empaneled by Monday. Judge Gordon said this case was ready and he was going to try it. Another of the jury commissioners was considered ineligible on account of a suit pending.

When Winter Goes.

When all the snows and ice of this long winter pass away, and Springtime come to us again with foliage bright and gay, 'tis then the mothers of the land just turn things inside out, to make certain that each corner has been cleaned beyond a doubt. The furniture and carpets are all put outside to air, and all the floors and woodwork has been scrubbed and scoured with care. Then they go and get Chi-Namel and each room is finished new; to have home clean and healthful, that's what everyone should do. For Chi-Namel makes home beautiful, and fresh and sweet and clean; and even old porch furniture can be coated red or green. The Chi-Namel Parquetting Floor Stenciling Process is the latest "floor fix-ture." Gives a \$100 inlaid hard wood effect at a cost of only 2c per sq. foot. Let us show it to you. Sold by W. O. Tucker.

Weston, Ky.

Dear Mrs. Rankins, I received your letter. I had not heard of George's trouble and was certainly sorry to learn of it. I was indeed surprised as I thought George to be a model pupil.

I know nothing of his conduct away from school or at other schools, but while he attended school here and I was his teacher, I considered him to be an excellent pupil, both in studies and conduct. He was peaceable with his playmates and to me, obedient, also studious. I regretted very much to have him leave school when he did. I am

Your friend,
Mary Henry.

March 10, 1910.
Mrs. Geo. L. Rankins,
Weston, Ky.

Dear Madam:--
Geo. L. Rankins, jr., who has been attending the Cave-In-Rock, Ill., school this winter was perfect in his deportment, and as good a boy as a teacher can find, he always made me feel good to have him present.

His teacher
J. R. Keeling.

GEN. WM. H. CARTER

Called From the Philippines to
Place on General Staff.

CALLED UP HIGHER

General Carter of the Philippine Army
Given Washington Service.

Washington, Feb. 18.—Major General William H. Carter, now in command of the department of Luzon, of the Philippines division of the army, has been detailed by the war department as a member of the general staff corps succeeding Brigadier General William W. Witherspoon, who was recently relieved. General Carter has been directed to report in Washington for duty.

PEARY RECOGNITION HAS ROUGH PASSAGE

Congress Is In No Hurry About
Voting Honors.

Washington, Feb. 18.—It doesn't look from present indications as if it would be plain sailing for Mr. Peary, discoverer, after all, even with respect to the modified reward of a vote of thanks and a gold medal, as provided by the Butler bill. The latest development in the case occurred when some influential Democrats semi-officially notified leading Republican members of the naval affairs committee that they were not so sure Peary should be rewarded at all, and that they might make a party fight against any measure proposing to do so.

"Peary hasn't proved to my satisfaction," said one of these Democrats, "that he discovered the pole. The National Geographic Society, which recognized him as the only genuine Simon pure discoverer, had its collective mind made up long before hand I want to see some proofs. If anybody tries to hand Peary any governmental good things you will see the Democrats stand together to defeat the attempt."

The sub-committee of the house committee on naval affairs, which has under consideration the bill, has not held a meeting on that subject as yet.

CAUSED AN EXODUS

Nicaraguans Become Tired of a Swarm
of Adventurous Americans.

New Orleans, Feb. 18.—A steamer from Bluefields, Nicaragua, has brought here several American adventurers who were ordered out of the country by Provisional President Estrada. This was done at the request of United States Consul Moffett, who secured the order from Estrada in the interest of good government and peace at Bluefields.

Hearing there was trouble in Nicaragua, a number of adventurers and undesirable rushed there from all parts of Latin America, seeing a good opening. Their arrival caused a number of trials and tended to demoralize the revolutionists. After consulting with General Estrada, Consul Moffett gave the undesirable their choice of going to the front and fighting for the insurgents or being deported. At first, it is said, the Americans and others were inclined to laugh at the order, but Consul Moffett communicated with the commander of one of the American gunboats relative to its enforcement.

A squad of bluejackets arrived at Bluefields, and the "caballeros de industria," as they are termed by the Nicaraguans, were informed that they could either go aboard the merchant ships sailing to the gulf ports, or United States cruisers would take charge of them and land them some place on the Caribbean coast. Thereupon ensued an exodus, so that the saloons and other resorts of quarrelsome Americans are empty.

All Got Off Safely.

Juneau, Alaska, Feb. 18.—The Alaska Steamship company's steel steamship Yucatan, bound from Maldez to Seattle with sixty-five passengers, struck an iceberg in icy strait and sank eight minutes later in six fathoms of water. No one was injured. The passengers and crew are camped on Chichagoff island and will be brought to Juneau by the steamer Santa Anna.
